MASSACRE IN MONASTIR

Rumors of Horrible Atrocities Are Authenticated.

THE OUTLOOK IS SERIOUS

Revolutionary Committees Are Doing All in Their Power to Force Hand of Bulgarian Government-

Town Heap of Ashes.

(By Associated Press.)

BOFIA, Aug. 24.—With the rumors of massacre and the murder of prisoners in Monastir now authenticated, the general situation is considered here as fast becoming intolerable. Official and diplomatic circles alike are concerned, having every reason to fear that only a part of the horrors enacted in the interior of Macedonia have come to light at yet.

The revolutionary committees are doing their utmost to force the hands of the Bulgarian government and the immediate outlook is exceedingly serious.

It appears that the Turks have obtained the upper hand in the vilayet Monastir and the insurgents are planning to remove the center of their activity close to the Bulgarian frontier. Dispatches arriving to-day from the disturbed area are excedingly gloomy. From Adrianople comes, the news of a Turkish defeat and the extension of the revolutionary outbreak from Monastir, the news of Turkish victories accompanied by barbarous excesses. While many of the reports remain without confirmation, sufficient authentic details are forthcoming to cause the authorities the greatest anxiety.

According to the Sofia Dnewnik, the Turks committed unspeakable atrocities at Krushevo. The mutilated corpses of ninety women and children were found in one building; pieces of the bodies and been thrown into the street. Fifteen of the principal merchants of the town were killed and their heads exhibited on poles.

At Monastir the churches were demolished, the houses sacked and the town is new in a deep of ashes. The populace fled to the definition of the starving condition.

The Dnevnik also asserts that a general massacre has taken place in the whold vilayet of Monastir. Nearly all of the villages have been destroyed. The treacherous murder of eighty insurgent prisoners by their guards near Monastir has made an especially had impression here.

Many rumors are current of massacres in the city of Adrianople, but confirmation is lacking. The situation there, however, undoubtedly is sprious. The population is afraid to leave the houses. The prisons are full and the vail has taken private houses to be used as falls. When the Russian consul protested at the situation, the vall is reported to have answered that he was powerless against the fanatical population.

(BOFIA, August 24.—Reports from Monastir, authenticated by the Russian and Austrian consuls, give horritying details of the massacres and atrocities. At the village of Armensko the Turks destroyed 150 houses out of a total of 157, and massacred every man, woman and chilt. The women were subjected to the most terrible atrocities by the soldiers. Eighty revolutionists, captured at Krushevo, who were sent in the direction of Monastir in chains, were slaughtered by gively

guards.
The sanitary conditions of Krusheva are described as revolting. The dead are lying in the streets, stripped of every garment, the Turks even taking the vestments off the body of a priest.

garians, who, it is expected, at a given signal, may resort to general incendiarism. The Turkish population is resolved, should great disturbance occur, to exterminate all the Bulgarians in this city. Consequently a number of Bulgarian residents are leaving Salonica.
